TECHNICAL DATA SHEET

AIRGEARPRO ZENITH-X SAFETY GLASSES

MODEL NAME	F-3011
Description	maximum visibility, frameless architecture, superior industrial-grade protection
Optical Standard	Class 1
Standard	CE EN ISO 16321-1:2022, ANSI/ISEA Z87.1-2020

FEATURES

- **Zero-Gravity Comfort**: The lightweight construction ensures all-day wearability without pressure points or fatigue
- **Panoramic Vantage**: The frameless design removes visual obstructions, making it ideal for high-precision tasks
- **Crystal Clarity**: Advanced polycarbonate optics provide sharp, undistorted vision across the entire lens surface
- **Versatile Utility**: Suitable for a wide range of industrial applications due to its sleek, low-profile fit.

COMPREHENSIVE PROTECTION

- High-velocity mechanical impacts
- Accidental liquid and chemical splashes
- Harmful ultraviolet radiation
- Debilitating sun glare in outdoor environments

TECHNICAL DATA

- **Structural Design**: Frameless design for maximum visibility and a modern, low-profile look
- **Primary Material**: High-grade Polycarbonate lens
- **Optical Precision**: Class One – certified for continuous daily use with minimal distortion
- **Featherweight Build**: Twenty-four point five grams
- **Performance Coatings**: Dual-action Anti-scratch and Anti-fog treatments
- **Radiation Defense**: Built-in UV radiation filtering
- **Standard Compliance**: CE EN ISO 16321-1:2022 and ANSI/ISEA Z87.1-2020
- **Available Personalization**: Multiple lens shade options - (Clear , Smoke , Green , Yellow)
